# 01 WHO WE ARE

Bison Digital Assets is a Portuguese bank-backed Virtual Asset Service Provider, licensed locally to operate both the Exchange and Custody of Digital Assets.

Headquartered in Lisbon, Bison Digital Assets benefits from the exposure to the crypto hub that has lately been brewing here. The city is viewed by many as “the spiritual capital for the tech scene”.

Bison Digital Assets is a strive from Bison Bank to embrace innovation. A separate entity that nonetheless benefits from the battle tested Banking practices of its sole shareholder.

# 02 OUR GOAL

We're setting to be the bridge between traditional finance and Digital Assets like Bitcoin and Ethereum. We're finally making the connection between these assets and fiat as seamless as possible.

We're bringing to Crypto the Banking standards that we inherit from our sole shareholder when it comes to Custody and Trading. Our commitment is to offer the safety and reliability that a Bank does whilst navigating the brand new and bold world of crypto.

# 03 SHAREHOLDER

Bison Digital Assets is the first licensed Virtual Assets Service Provider that's fully owned by a Portuguese Bank.

Bison Bank is a Portuguese Bank that's regulated within Europe. It positions itself firstly as an intercontinental bridge between Europe and other Global Markets and then as a bridge between fiat and crypto, through Bison Digital Assets.

The practices that Bison Digital Assets inherits from its sole shareholder range from governance, to AML and risk assessment practices.

Particularly in Custody, Bison Bank has a proven track record that dates back more than 20 years.
